

850 TURK

COURTESY NOTICE | AUGUST 2026

CAHILL

TO OUR 850 TURK NEIGHBORS:

Cahill Contractors, LLC is the General Contractor for the 850 Turk Street Affordable Housing Development. It has been a few months since our last project newsletter, and moving forward we will provide periodic updates so our neighbors are aware of onsite activities. These notices will also include information about any potential traffic changes as we work to connect the building to utilities in the street.

Onsite this month, the project continues to make progress as more construction activities get underway. Scaffolding has been installed around the building, and crews are installing the exterior plaster finishes and beginning roof installation. The tower crane will also be dismantled and removed from the site.

Please note that during major construction activities, traffic control will be in place on Turk Street to provide adequate space for concrete pumps and trucks. As always, a safe pedestrian path of travel will remain open and be maintained at all times. Typical construction hours are **7:00 AM – 3:30 PM**.

Cahill Contractors is committed to maintaining the highest safety standards while minimizing disruptions to our neighbors. We appreciate your cooperation and patience as we continue construction of this affordable housing development, which prioritizes SFUSD educators, district employees, and applicable City Housing Preferences.

For construction-related questions, please contact **Site Superintendent Lenny Charles at (415) 748-8585**

Thank you again for your patience and understanding.

Cahill Contractors, LLC
