

# 850 TURK

## COURTESY NOTICE | NOVEMBER 2026

CAHILL

### TO OUR 850 TURK NEIGHBORS:

Cahill Contractors, LLC is the General Contractor for the 850 Turk Street Affordable Housing Development. It has been a few months since our last project newsletter, and moving forward we will provide periodic updates so our neighbors are aware of onsite activities. These notices will also include information about any potential traffic changes as we work to connect the building to utilities in the street.

Onsite this month, the project is starting progress, and more activities are starting to happen, the exterior of the building is nearing completion and over the next few months the scaffolding will be coming down. The units inside the building are starting to be completed with finishes being installed. There will be new improvements starting at the front of the building with the sidewalk being removed and replaced.

Please note that during project for all major construction activities, we will have traffic control in place on Turk Street to allow room for our concrete pumps and trucks. As always, a safe pedestrian path of travel will be open and maintained at all times.

Typical construction hours are **7:00 AM – 3:30 PM.**

Cahill Contractors is committed to maintaining the highest safety standards while minimizing disruptions to our neighbors. We appreciate your cooperation and patience as we continue construction of this affordable housing development, which prioritizes SFUSD educators, district employees, and applicable City Housing Preferences.

For construction-related questions, please contact **Site Superintendent Lenny Charles at (415) 748-8585**

Thank you again for your patience and understanding.

**Cahill Contractors, LLC**
